Electrical Disturbances of the Heart

Your heart has its own electrical stimulator, the sinus
node, which generates electrical impulses that flow through
your heart. If something goes wrong with the sinus
node or the flow of electrical impulses, an arrhythmia can
result causing your heart to beat too fast, too slow or
in an irregular fashion.

Keeping BizE in Turtle Time
Started in April 2007

Ask me about Clipless Coupons.
This is for businesses on a first come trial basis
It is to help promote Sponsorship for BizEturtle
Clipless Coupons wil focus on one particular product or service
to help generate a short-term boost in traffic
Together we will provide a tracking code, printed directly on the coupon
This will allow you the retailer to see which customers redeemed the
coupons and where those coupons were found.
Evaluating the method the coupon is delivered along with the coupon response,

**will help determine if product sales and profits can help determine
if your business wil become a Sponsor of BizEturtle
and which promotion or coupon works best with your audience.
Write to lynn@bizeturtle.com
or call 732-759-0485**
